

Exciting opportunity for experience Neuro Physiotherapist to join busy multidisciplinary private practice with 20+ history and established neuro clientele.

Senior position with opportunity to grow and develop Neuro and Vestibular service. You will work alongside current senior team with APA Titling in Musculoskeletal and Pain and APA Titling in Sports & Exercise.

We offer:

- Large referral base of RTW Coordinators, GP's and Case Managers
- Competitive salary (including paid super and holidays) plus commission earnings.
- Flexible working hours – negotiable for the right fit.
- PD allowance to continue to develop your expert skills
- 1+ hour initial appointments allowing time for excellent assessment, treatment, clinical reasoning and patient education.
- All team Professional Development sessions
- Positive, fun-loving and supportive team with social events and catch ups.
- The opportunity to mentor and help shape our team of junior physiotherapists if this is a passion or interest area.
- The clinic has:
 - 3 large functional gyms spaces
 - Pilates equipment
 - Cardio, cable and weight equipment
 - whole body vibration equipment

with group Persistent Pain, Pilates, Clinical Exercise and GLA:D/Joint Health classes all available onsite.

Your skills:

- Min 2 years' experience working in Neuro and Vestibular Physiotherapy
- High EQ and communication skills
- Love working as part of a passionate and collaborative team

If you're looking to progress your career and you have a passion for Neuro and Vestibular Physiotherapy and rehabilitation, please email application to Practice Manager megan@marionphysio.com.au or call Owner and Principal Physiotherapist Julie Peacock to discuss position available.
