

Advanced Pain Solutions and Marion Physiotherapy Marion SA

Advanced Pain Solutions is a multi-disciplinary practice with Physiotherapy, Psychology and Dietetics, focussing on evidence based person care that empowers people to take charge of their recovery and health journey.

We have an exciting opportunity for a Physiotherapist to join our team who is passionate about working with people with musculoskeletal pain, and who would like to expand their knowledge and experience and develop a pathway as a clinician from associate to a senior physiotherapy role if desired. Offering extensive one on one mentoring and professional development opportunities with our senior team including Senior Physiotherapists with post-grad qualifications and APA Titling in Pain Physiotherapy, Musculoskeletal and Sports & Exercise Physiotherapy.

- The following attributes are important for this role:
- Interested in working from a patient-centred biopsychosocial approach
- Excellent communication skills
- Team player and willing to contribute to a positive culture
- Interest in working with people of all ages with a range of musculoskeletal pain problems
- Passion for movement training and functional restoration

The clinic has a wide range of individual and group treatment options that help to balance the weeks clinical load and offer clinical variety and development opportunities including :

- 3 large functional gyms spaces
- Pilates equipment and classes
- Cardio, cable and weight equipment
- GLA:D/Joint Health classes
- Multi Disciplinary Pain and Functional Restoration group program

For a Physiotherapist with a particular interest in Pain Physiotherapy – further opportunities also exist to develop or expand on your current skills in complex assessments, pain neuroscience education, Graded Motor Imagery, the use of VR in pain, and to further develop your physiotherapy movement prescription skills through training and participating in our 8 week Multi Disciplinary Overcoming Persistent Pain and Functional Restoration program.

We offer:

- Flexible working hours – negotiable for the right fit helping support work/life balance
- Competitive salary based on clinical experience (including paid super and holidays) plus commission earnings
- PD allowance to continue to develop your expert skills
- 1+ hour initial appointments allowing time for complex and comprehensive assessments, treatment, clinical reasoning and patient education to increase clinician satisfaction and reduce clinician burnout
- Individual mentoring with APA Titled Physiotherapists
- All team Problem Patient and Professional Development sessions
- Positive supportive team with an awesome culture and passion for impacting clients lives

If you have a passion for people, musculoskeletal physiotherapy and for developing your career in a dynamic and supportive environment please email application to Practice Manager megan@marionphysio.com.au or call Owner and Principal Physiotherapist Julie Peacock for more information.

Must Have to Apply:

- Qualifications to practice as a physiotherapist (Masters or Bachelors degree)
- Registration with AHPRA
- VISA requirements to live and work in Australia
- Police Clearance
